Formatted: Font: Not Bold, Not Italic

Formatted: Font: Not Bold, Not Italic

(2) **Physical Features.** Floors, walls and ceilings must be smooth and easily cleanable with outer openings no larger than necessary to carry out the food operation. The mobile vendor unit must be fitted with closed, tight-fitting windows and doors. If windows or doors need to be opened

Formatted: Font: Not Bold, Not Italic

for ventilation or other reasons, such as service to the customer, then screens, air curtains or other effective means must be present to protect the interior of the mobile vendor unit. Fold out shelves cannot be used to provide space for customers to consume the products dispensed by the mobile vendor. Awnings and canopies, both attached and unattached from the mobile vendor unit, are prohibited.

(232) Mobility. ~~Mobile Vending carts~~ must have at least two ~~wheels~~ vendor units must be self-propelled. They must permit easy movement and maneuverability in the event of emergency and required relocation.

(343) License Display. The vending license must be clearly displayed on the mobile vendor unit in such a manner and location as to be clearly visible to customers.

(454) Trash Receptacles. Each mobile vending unit will have provisions for mobile vendor trash disposal and customer trash disposal. Mobile vendors are responsible for proper disposal of this trash, whenever the container becomes full or, at a minimum, at the conclusion of the day's operation.

(5) Covers. Umbrellas or canopies are desirable. The umbrella must not conflict with public passage on the right of way, nor be obtrusive to vendors' signs or neighboring business. The cover must be well maintained.

(565) Carts Self-Contained. All mobile sidewalk vendor units shall be so designed that all sale activities, including trash disposal facilities, can be conducted totally from the mobile vending unit. Use of the sidewalk by a mobile vendor for product display, storage, or disposal of trash shall be prohibited.

(67) Covered Openings. When the mobile unit is in motion, openings must be covered with a solid material, such as doors, plastic, etc, to protect the mobile vending unit from windblown dust and debris during travel. The driver's compartment and food preparation area must be protected against airborne contaminants and vermin, if not separated from the food facility portion of the unit.

(78) Equipment. All equipment must be easily cleanable, durable, free of breaks, cracks and crevices, made of appropriate materials, well constructed and adequate for the intended use. Such equipment shall be properly maintained and installed according to all appropriate federal, state or local code requirements for construction and fire safety.

(896) **Utility Connections.** Utility connections for water, cooking, cooling, electric, heating, etc., must be contained in the mobile vendoring unit. Utility connections to neighboring properties shall be prohibited. All power equipment shall be installed to eliminate the danger of electrical shock.

(9107) **Fire.** A 5 pound ABC type dry chemical fire extinguisher is required for all mobile vendoring carts units utilizing a flame for any purpose.

(1018) **Hand washing Facilities.** Each mobile food vendoring unit must have a hand wash sink with clean, potable hot and cold water, a posted sign indicating "Employees must wash hands", and comply with the standards as required by the Pa. Dept of Agriculture. Each hand washing station must include: soap, single use paper towels, a waste receptacle and a waste water collection container. A waste tank having a minimum of 15% greater capacity than the fresh water supply container must be provided and all wastewater must be disposed of in a sanitary sewage system outlet (not on the ground or into a storm drain).

(121) **Water Supply.** All mobile food vendoring units must be provided with hot (110°F) and cold running water under pressure within the mobile vendor unit. The hot water facilities shall be functional when the vehicle is mobile or stationary. The water system must be closed from filling outlet to discharge outlet and separate hoses must exist for filling the water tank and flushing the retention tank. The water-filling inlet must be designed to prevent contamination and backflow/back-siphonage must be installed to protect water supply. The water storage tank shall have a minimum capacity for one day's use.

(1239) **Refuse.** All mobile vendoring carts units must have a refuse receptacle with a tight fitting lid on the unit and a separate refuse receptacle for customers as required by the Pa. Dept of Agriculture. Receptacles must be properly emptied when full or at a minimum at the close of business. All refuse must be disposed of at the vendor's expense.

(1340) **Cold and Hot Holding Units.** Refrigeration and cold holding units must be capable of reaching and maintaining 41° F or below when in use. Hot holding units must be capable of holding foods at 135° F or above, as required by the Pa. Dept of Agriculture. Hot and cold storage facilities must be capable of operation at all times. Each hot holding or cool holding unit must be supplied with an accurate, easily readable thermometer.

(1451) **Dish washing.** Single service articles must be used unless adequate dishwashing facilities are available and used. Adequate facilities will

Formatted: Font: Bold, Italic

include a three compartment sink (separate from the hand washing sink) set up for accomplishing a 3-step method of dishwashing. Where only spatulas, tongs, and similar devices are washed and sanitized, and only stationary equipment must be cleaned, a two-compartment sink may be approved – as required by the Pa. Dept of Agriculture. All food contact surfaces such as cutting boards, work tables, utensils and food preparation equipment must be cleaned and sanitized after each use. Appropriate sanitizer testing devices must be available on the mobile food vendor unit at all times.

(1562) ~~Food and Ice.~~ All food and beverages must be clean, wholesome, free from spoilage, free from adulteration and safe for human consumption, as required by the Pa. Dept of Agriculture. All food and beverages shall be from approved sources. Food prepared in a private home can only be used if that facility is licensed, registered and inspected by the Pa. Dept of Agriculture and the City of Reading. All perishable, potentially hazardous foods must be kept cold (41°F or below) or hot (135°F or above) at all times. No bare hand contact is allowed on any ready to eat food: gloves or utensils must be used. Gloves must be changed between tasks and when gloves become soiled. All foods must be covered when not in use.

(167) Ice. All ice must come from a source approved by the Department of Agriculture and must be received packaged. Packaged foods, including drinks, whose packaging is NOT subject to the entry of water because of the nature of the container or packaging may be stored in ice. Personal food and drinks may not be stored with merchandise. Ice must be stored in clean, easily cleanable, non-porous, closed containers made of approved materials. Galvanized metal coolers may not be used. All ice must be dispensed using an ice scoop having an appropriate handle. Ice used as a coolant may not be used in drinks or as ingredients in food as it is considered non-potable.

(1783). Sign. No sign shall be permitted except an identification of the vendor's business name and the listing of items available to sale and the price thereof. The sign must not be obtrusive to the public way or conflict with neighboring businesses. (Ord. 63-2007, 8/13/2007, §1)

(1894) ~~Food Employee Certificate~~ Serve Safe Certificate. All mobile food vendors are required to obtain and maintain a Food Employee Certificate ~~Serve Safe Certificate~~ from the Department of Agriculture, as required by the State Food Employee Certification Act, within three months of the approval of their Sidewalk Mobile Vendor Permit. New vendors will have 90 days to comply with said requirement; existing
